

Anne-Sophie Deprez-Sims, M.S., is a consultant with APTMetrics, Inc., where she provides consulting in the areas of job analysis, selection, performance management, and competency modeling.

Before working at APTMetrics, Anne-Sophie worked as a research and development specialist where she designed custom and off-the-shelf selection tests for public safety employers. She also worked in organizational development where she assisted with organizational surveys, processes improvements and data analysis.

Anne-Sophie received her master's degree from the Illinois Institute of Technology's industrial-organizational (I-O) psychology program, and is currently completing the program requirements toward a Ph.D. in I-O psychology. She received her bachelor's degree in I-O psychology from DePaul University. Ms. Deprez-Sims is a member of the Society for Industrial and Organizational Psychology.
