Dr. Jonathan Levine Joins APTMetrics as Director
Human Resource Consulting Firm Opens Dallas-Ft. Worth-area Office

Darien, CT, June 15, 2010: APTMetrics today announced that Dr. Jonathan Levine has joined the firm as director of the new, Dallas-Ft. Worth, Texas-area office. Dr. Levine is an industrial-organizational psychologist with more than 15 years experience in job, task, and occupational analysis, selection, testing and assessment, and talent management.

He has specialized expertise in occupational classification, career exploration and development, and skills profiling, transfer, and gap analysis. Jonathan has provided contract services, to public and private sector clients, in areas such as job and occupational analysis, classification, and testing and assessment strategy. Examples of previous employers and clients are the National Center for O*NET Development, the U.S. Navy, the American Institutes for Research, the North Carolina Highway Patrol, and Monster.com.

Jonathan is currently Practice Editor of *Ergometrika, A Journal of Work Measurement Research* and a member of the Society of Industrial Organizational Psychology's *Electronic Communications Committee*. Jonathan received his Ph.D. in I-O psychology from North Carolina State University in Raleigh.
